MEMORANDUM

TO: Dennis Puleston

FROM: Frank C. Miller

The Regents are scheduled to approve the University budget early this month, but I think I can tell you now that the salary recommended for you next year is \$11,500. The most frustrating task I faced this year was making up the salary recommendations with the ridiculous sum generated by 4% for merit increases. I consider everyone's proposed salary to be inadequate recognition of his contribution to the department.

You will receive official notice from the President's office later in the summer. If you have any questions, please see me when I return from Mexico about September 1.
