Dear Mr. Puleston:

I am delighted that your quick decision brings us the news that you are accepting the offer of a position in this department as a visiting assistant professor for the academic year 1969-70 at the stated salary of \$10,500. I am sure that this sentiment is shared by all the rest of the faculty.

The Board of Regents has had its meeting for the month of June and your appointment will not be formally completed until the July session. In the meantime, however, rest assured that our commitment to you is firm. With very best wishes,

Sincerely,

E. Adamson Hoebel, Chairman and
Regents Professor of Anthropology
